Chris,

No problem. It's been pretty busy here. Next week may work better for me because I'm deployed to New Mexico for the Gold King Mine spill. We can touch base next week.

Mark –

Hi. Sorry I haven't gotten back to you sooner; I've been in Region 8 helping facilitate an EMS course and have been really swamped with that and trying to keep a few things back home from flying apart. I have some time for the next hour and a half or so if you want to talk (816-206-2058) or we can talk sometime next week M-W (I'm off on Thursday and Friday). My calendar, such as it is, is current.

Thanks for following up and I'll talk to you soon.

Chris

Subject: Devolution Exercise

Hi Chris,

Hope all is well. Wanted to see if you're available for a follow up discussion on planning for the exercise. I'm attending a COOP Planners/Managers Workshop the entire week. Maybe we can touch base on Fri or first thing next week if you're available.
